

TechRentals & Fluke IR Thermal Imaging

Hands-on Workshop

Training Workshop

The Fluke Thermal Imaging Hands-on workshop will help you learn how to troubleshoot faster and avoid downtime using the latest thermal imaging technology and to create extensive reports on IR thermography surveys.

Who Should Attend?

- Engineers
- Electricians
- Energy auditors
- Field service technicians
- Facilities maintenance supervisors
- Process technicians
- Building professionals

Workshop Focus

- Fundamentals of thermal imaging
- Troubleshoot using the latest Fluke Thermal Imager models
- How to reduce costs using thermal imaging
- How to select the right imager for your application

What Will You Receive?

- Hands-on instruction with an experienced thermography specialist
- Consultation with a Fluke expert to customise your thermal imaging solution
- Insight into real-world applications and examples
- Rent for a day and receive another days rent for free voucher
- Certificate of completion
