

THE P2000EU 4G

Push-to-Talk Broadband Portable Radio

▶▶▶ RAPID™

The **P2000EU 4G** combines the proven rugged durability and form of a traditional high quality digital radio with RAPID technology. With a superior quality internal mic and speaker, and commercial grade accessory adaptor for the remote speaker microphone or earpiece, the P2000EU 4G performs in even the most demanding conditions.

RAPID is the next generation of instant, high-speed, and secure two-way radio communications for voice and data applications. It is designed and built on a revolutionary all Australian secure protocol, Intelligent Radio Protocol (IRP®) to ensure true one-to-many communication performance. With RAPID technology the P2000EU 4G eliminates the coverage restrictions previously faced with traditional DMR/LMR PTT communications. Users can now use RAPID for both individual and group calls over cellular (4G) or Wi-Fi networks. This unit has enhanced encryption capabilities which provide a superior level of security on transmitted messages.

P2000EU 4G Features

- ✓ Easy to use with large push-to-talk button
- ✓ Loud and clear audio performance
- ✓ Long Battery life—multi shift duration
- ✓ Rotary volume and channel selectors
- ✓ Rugged accessory connectors
- ✓ Two-way radio form factor
- ✓ Built for enterprise use
- ✓ Emergency button

Accessories

- ✓ Single Wire Surveillance Earpiece
- ✓ Remote Speaker Microphone
- ✓ Desktop Charger
- ✓ Six Bank Multi-Unit Charger
- ✓ Vehicle Mounting Kits

Specifications

Operating System	Android Go
Chipset	MT6739
Connectivity	4G Bands
EU Version	GSM: B2/B3/B5/B8 WCDMA: B1/B2/B5/B8 TDD-LTE: B38/B39/B40/B41 FDD-LTE: B1/B3/B5/B7/B8/B20/B28a/B28b
Wi-Fi	Supported
GPS	Supported
NFC	Not Supported
Display	Non-Display Model
Audio	2-watt speaker
Battery	4000mAh Polymer Lithium Ion
Interfaces	
Antenna	SMA Connector
Accessory	Connector M6
SIM	Dual Micro
Dimensions	145 x 64 x 35mm (without antenna & belt clip)
Weight	~310g
Protection	IP54
